

- メール検索の日付範囲に「時間指定」機能を追加

「開始時間」、「終了時間」を選択し、検索範囲を時間帯で指定することが可能になります。

The screenshot shows the 'その他設定' (Other Settings) section of the search interface. It features a date range selector with two date input fields, both set to '2019/05/28'. The first date field has dropdown menus for '09' and '00', and the second date field has dropdown menus for '13' and '00'. These time selection dropdowns are highlighted with red boxes. Below the date range, there are radio buttons for '分割表示' (Split display) and '一括表示' (Batch display), with '一括表示' selected. A dropdown menu for 'ソート順' (Sort order) is set to '日付-' (Date-). At the bottom, there is a '検索実行' (Execute search) button.

- メール検索画面 UI について、表示項目の一部を変更

「メールタイプ指定」から、メール範囲・メール方向を切り出し、新項目「検索範囲」内に移動しております。

※旧 UI

The screenshot shows the old search UI. The top navigation bar includes '検索' (Search), '管理' (Management), 'ログ' (Log), and 'CYBERCHAT検索' (CYBERCHAT Search). Below the navigation bar, there are tabs for '個人メールBOX' (Personal Mailbox), 'メール検索' (Mail Search), and 'エクスポート結果' (Export Results). The main content area is titled '詳細検索' (Detailed Search) and contains a section for 'メールタイプ指定' (Email Type Specification). This section is highlighted with a red box and includes the following options: 'メール範囲' (Mail Range) with radio buttons for 'すべて' (All) and '個人メール' (Personal Mail); 'メール方向' (Mail Direction) with radio buttons for '全方向' (All directions), '外から内' (From outside to inside), '内から外' (From inside to outside), and '内から内' (From inside to inside); and 'メールタイプ' (Mail Type) with checkboxes for '開封通知返信要求メール' (Request for notification of opening and reply), '添付ファイル付' (With attachment), '重要フラグ付' (With important flag), '添付ファイル拡張子改竄メール' (Attachment extension modification mail), '暗号化添付つき' (With encrypted attachment), and '委譲メール' (Transfer mail). Below this, there is a section for '暗号化メール (PGP/SMIME)' (Encrypted mail (PGP/SMIME)) with checkboxes for '暗号化メール' (Encrypted mail) and '署名付メール' (Signed mail).

※新 UI

The screenshot shows the new search UI. The top navigation bar and tabs are the same as in the old UI. The main content area is titled '詳細検索' (Detailed Search) and contains a new section for '検索範囲' (Search Range), which is highlighted with a red box. This section includes the following options: 'メール範囲' (Mail Range) with radio buttons for 'すべて' (All) and '個人メール' (Personal Mail); and 'メール方向' (Mail Direction) with radio buttons for '全方向' (All directions), '外から内' (From outside to inside), '内から外' (From inside to outside), and '内から内' (From inside to inside). Below this, there is a section for 'メールタイプ指定' (Email Type Specification) with the same checkboxes as in the old UI, and a section for '暗号化メール (PGP/SMIME)' (Encrypted mail (PGP/SMIME)) with the same checkboxes as in the old UI.
